### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in the final office action (section 1), mailed 10/21/03.

The application has been amended as follows:

Cancel non-elected claims 21-46

2. The following is an examiner's statement of reasons for allowance: Applicant's arguments filed 12/12/03 are persuasive. The prior art of record fails to disclose all the combination of the process steps recited in the base claims, including the step of forming a first dopant-depleted region in the edge region of the doped-poly gate structure and the step of forming a second dopant-depleted region in the substrate under the edge region of the doped-poly gate structure (see first dopant-depleted region 1345 and second dopant-depleted region 1350 shown in Fig. 14).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
